Attention: Mr. Manfred Reichel

Subject: Acceptance of EASA STC 10064889 Revision 1, latest date of issuance November 14, 2019

Dear Sir:

This is in response to your letter dated October 9, 2020 requesting Transport Canada validation of the subject STC.

In accordance with our current policy associated with the review of foreign STCs, some STCs applicable to certain categories of aircraft may be accepted solely on the basis of their foreign certification, and do not require the issue of a corresponding certificate by Transport Canada. The subject STC falls within these criteria.

This STC will be entered in the national index of STCs that have been reviewed and accepted by Transport Canada for installation on Canadian-registered aeronautical products.

This letter confirms formal acceptance of the referenced STC by Transport Canada.

Yours truly,

Natasa Murdinic
Regional Manager, Aircraft Certification
National Aircraft Certification (PAARD)
